

SEELA CHAITHANYA SAI

+91-8762394127 seelachaithanyasai@gmail.com

To become successful professional by working with dedication and commitment in an esteemed organization where I can put my knowledge and enthusiasm for the growth of the organization and expand my potential to the maximum.

EDUCATION

Graduation	B.Tech/B.E. (Computer Science and Engineering) May 2023. Bapuji institute of engineering & technology, Davangere. with CGPA 7.02 / 10.
Class XII	PCMC. Narayana PU college, Ballari. with 73% in 2019.
Class X	National High School, Hospet. with 89.12% in 2017.

SKILLS

Languages	C Python C++ Embedded C HTML CSS.
Concepts	Data Structures DBMS.
Web Development	Front-end: HTML CSS.

INTERNSHIPS AND PROJECTS

AN AI APPROACH TO DETECT CONCEPT DRIFT IN PHARMACEUTICAL DATASTREAM

Duration:01-Sep-2022 to 20-May-2023

Description: Concept drift techniques aim at learning patterns from data streams that may change over time. Although such behavior is not usually expected in controlled environments, real-world scenarios can face changes in the data, such as new classes, clusters, and features. Common concept drift domains include recommendation systems, energy consumption, artificial intelligence systems with dynamic environment interaction, and biomedical signal analysis. In this report, it deals with concept drift, as well as we presented a comprehensive study of pharmaceutical industry and real datasets that can be used to cope with such a problem. In addition, we considered a review of different types of drifts and approaches to handling such changes in the data.

INTEGRATED DATA ACQUISITION SYSTEM FOR VEHICLE MONITORING

Duration:01-Dec-2025 to 30-Jan-2026

Description: An Integrated Data Acquisition System (IDAS) for vehicle monitoring is a smart solution designed to collect, process, and analyze data from various vehicle sensors. The system enhances vehicle performance, safety, and maintenance by providing continuous insights into The system integrates multiple sensors such as temperature sensors, fuel level sensors, GPS modules, speed sensors, and engine diagnostics.

SOCIAL MEDIA MANAGEMENT SYSTEM

Duration:30-Jan-2022 to 24-Mar-2022

Description: A Social Media Management System(SMMS) is a web-based application designed to help individuals, business, multiple social media platforms from a single interface. The system streamlines content creation, scheduling, analytics, and engagement tracking to improve online presence and productivity.

PERSONAL DETAILS

Address	Q: no E6 B, Opp green grass ground HPC, Kamlapur, Hospet Vijayanagara Dist. 583201.
Date of birth	March 27, 2001.
Language	English, Kannada, Telugu.
Interests	Technology curious, Guitar, Gaming, Cars Enthusiastic, Music, Travelling.
